

## **LOCAL RESIDENTS PRAISE TURF SOIL**

12<sup>th</sup> May 2016

Today we received this fantastic note of thanks from a happy local resident:

"We're not sure if you are the person to contact, but we wanted to say that we think Turfsoil Ltd., are doing a great job!!

The river walkway looks super, everything neat and tidy and the landscaping looks so much better.

We live on the river and were so pleased that the trees were cut. This is the first time in almost eight years since we moved on to the Island that the trees have been cut.

We often see the Turfsoil vans when we are walking and the staff are always considerate and make sure they stop working as we pass. The whole Island looks so much better so a big thank you from us for really looking after the aesthetic of this lovely SMI."

Turfsoil are extremely proud of their dedicated and loyal workforce that makes this sort of reaction possible.
